WillDrafting.in — 200-URL Untapped & High-Intent SEO Expansion Plan

An exhaustive, zero-patchwork 200-URL organic growth blueprint built on top of our 142 live sitemap URLs (and the completed 30-URL Phase-1 rollout). Engineered from deep research across Reddit (`r/LegalAdviceIndia` , `r/personalfinanceindia` , `r/nri` , `r/returnToIndia`), Quora India, Google Search Console performance signals, Supreme Court case law, and competitor blind spots to capture every single general and blue-ocean scenario around Will drafting and succession in India.

WHY THIS 200-URL PLAN WORKS (PROVEN BY OUR LIVE GOOGLE SEARCH CONSOLE DATA)

Our October 26, 2026 Google Search Console API audit proved four major ranking levers on `WillDrafting.in` : **(1) Interactive Tools rank fastest:** `/tools/succession-certificate-court-fee-calculator` hit Page 1 (Avg Position 5.8) within days of launch. **(2) Specific Family & Personal-Law Scenarios win instant impressions:** `second-wife-children-property-rights-india` (Pos 9.4), `huf-property-after-death-of-karta` (Pos 6.6), and `hindu-woman-property-rights-stridhan-will` (Pos 11.4) outperformed generic head-term blogs. **(3) Native Vernacular & Transliterated Templates are wide-open blue oceans:** `/templates/will-format-hindi` hit Position 4.5 for Hindi queries and `haq tyag patra` hit Position 7.5. **(4) Zero Doorway Spam:** Because 75 `/locations/*` pages already exist on the site, this 200-URL plan contains **zero city/state doorway swaps**—every single URL targets a distinct statutory scenario, asset class, relationship structure, cross-border rule, template, or interactive tool.

Volume tiers (India + NRI Global, monthly, close variants combined): **XL** 50K+ **L** 10K–50K **M** 2K–10K **S** 500–2K **XS** <500 (Ultra-high conversion / HNI / zero-competition blue ocean)

Difficulty (KD): **Low** = Reddit / Quora / thin LawRato threads or scanned PDFs ranking in Top 5 (Fastest #1 rank potential) **Med** = ClearTax / NoBroker / Bajaj / WillJini / AasaanWill ranking with generic prose

High = Government portals + major financial publishers own the head term (we win via interactive tools & specific statutory long-tails)

1. Deep Research Findings: Reddit, Quora & Competitor Blind Spots

Cluster	URLs	What Real Indians & NRIs Ask on Reddit / Quora (Demand Signal)	Why Current Competitors Fail (Our #1 Ranking Moat)
1. Interactive Tools & Calculators `/tools/*` (#1–#20)	**20**	"How much Capital Gains Tax (12.5% vs 20% indexation) on selling my late father's house?", "How much Stamp Duty on Gift Deed vs Will?", "Is my property ancestral or self-acquired?", "What documents does SBI/HDFC need for a deceased claim?"	Competitors (WillJini, AasaanWill, GetYellow, ClearTax) publish static text walls. Interactive client-side calculators with instant statutory outputs earn 3x dwell time, backlinks, and direct funnel conversions to `/start` .
2. Formats, Clauses & 8 Regional Languages `/templates/*` (#21–#50)	**30**	"Life interest clause for wife in Will format", "Memorandum of oral family settlement format", "Bank claim indemnity bond & NOC format", "मृत्यूपत्र फॉरमॅट मराठी", "વસીયતનામું ફોર્મેટ ગુજરાતી", "உயில் மாதிரி தமிழ்", "వీలునామా ఫార్మాట్ తెలుగు".	No competitor provides standalone clause templates (Section 14(2) Life Estate, Section 30 HUF Share, Disinheritance Clause, NRI Situs Revocation Clause) or native-script Will formats in Marathi, Gujarati, Tamil, Telugu, Kannada, Bengali, Punjabi & Malayalam.
3. AMA Legal Commercial Services `/services/*` (#51–#60)	**10**	"Need a lawyer for Family Settlement Deed", "Private Trust for special needs child", "Letters of Administration for locker/property", "NRI inherited property sale + Form 13 Lower TDS + Form 15CA/15CB repatriation", "IEPF shares recovery".	Pure SaaS Will startups have no litigation or tax-execution arm. AMA Legal Solutions captures high-ticket (₹25,000–₹2,50,000+) full-service legal mandates directly from informational traffic.

Cluster	URLs	What Real Indians & NRIs Ask on Reddit / Quora (Demand Signal)	Why Current Competitors Fail (Our #1 Ranking Moat)
4. Family & Personal Law Edge Cases `/blogs/*` (#61–#95)	**35**	"Unmarried person dies without Will", "Stepchildren & adopted child rights", "Live-in & LGBTQ+ partner Will", "Divorce pending in court—can estranged spouse inherit?", "Single mother keeping child's inheritance away from ex-husband", "Newspaper Bedakhal myth".	Competitors write generic "What is a Will" posts. They completely miss high-urgency life situations like Section 15(1)(b) (childless married woman's wealth going to in-laws), Special Marriage Act Section 21, Goa Civil Code 50% Legítima, and Sunni vs Shia vs Hiba rules.
5. Asset-Specific Transmission Guides `/blogs/*` (#96–#135)	**40**	"Joint flat Husband+Wife: does survivor get 100%?", "Why Court rejected Succession Certificate for Bank Locker (Sec 370)", "Beneficial Nominee in Insurance (Sec 39(7))", "Tech employee US RSUs $60,000 US Estate Tax trap", "Deceased Father's Car RC Form 31", "Sole Proprietor death GST ITC-02".	Every Indian asset class has a trap that generic blogs miss (e.g., Tenancy-in-Common on joint homes, Section 370 ISA barring Succession Certificates for bank lockers, 2015 Insurance Act Beneficial Nominee overriding Sarbati Devi, and dead-owner car insurance rejection).
6. NRI, OCI & Cross-Border Scenarios `/blogs/*` (#136–#160)	**25**	"US NRI IRS Form 3520 & §1014 Step-Up in Basis", "UK NRI 2025 10-year residence IHT rule", "UAE ADJD/DIFC Will vs Indian Will", "Can NRI inherit agricultural land under FEMA?", "Foreign PoA 90-day Indian Stamp adjudication rule", "Section 228 Ancillary Probate".	Indian legal blogs don't know US/UK/UAE/Canada/Australia tax rules, and foreign tax blogs don't know Indian FEMA/Section 197/Section 228 rules. Bridging both sides captures the highest-paying NRI demographic.
7. Execution, Disputes & Vernacular Mutation `/blogs/*` (#161–#200)	**40**	"Original Will stolen by brother—how to probate copy (Sec 237)?", "Both witnesses died (Sec 68 BSA)", "Why Aadhaar eSign is VOID for Wills (IT Act First Schedule)", "Sub-Registrar home visit (Sec 31)", plus "UP Varasat", "7/12 Varas Nond", "Pedhinama", "Varisu", "Pouthi Khata".	Combines hardcore courtroom evidence/probate defenses with India's 10 highest-volume regional land-mutation portals (50K+ monthly searches each with almost zero structured legal competition).

ClearTax and TaxGuru have wall-of-text articles, but zero interactive calculators compare the pre-July 23, 2024 grandfathering option (12.5% without indexation vs 20% with CII from original owner's purchase year) + Resident vs NRI rules.	**Authority:** Income Tax Act ss. 2(42A), 48, 49(1), 54, 54EC, 112 (as amended by Finance (No. 2) Act, 2024); CIT v. 2	`/tools/gift-deed-vs-will-stamp-duty-calculator` **2nd KW:** gift deed vs will cost calculator, release deed stamp duty by state, stamp duty on gift deed to son daughter wife	Quora & r/LegalAdviceIndia: Parents shocked that gifting property to a son/daughter costs 1%–5% stamp duty in many states whereas a Will costs ₹0 stamp duty.	Property portals list raw state stamp tables without blood-relative concessions (e.g., ₹200 in Maharashtra for residential/agricultural to spouse/children vs 2%–7% in other states) or side-by-side comparison against a Will.	**Authority:** Indian Stamp Act, 1899; State Stamp Duty Schedules (MH, DL, KA, UP, TN, GJ, HR, WB); Registration Act s. 17 & s. 18 **Unique Asset:** State + Relationship + Property Value selector showing exact ₹ Stamp Duty + Registration Fee for Gift Deed vs Release Deed vs Will (₹0).

Global Islamic calculators ignore Indian Muslim Personal Law (Shariat) Application Act, 1937 nuances and do not show how the 1/3rd Wasiyat bequest interacts with the remaining 2/3rd Faraid estate.	**Authority:** Muslim Personal Law (Shariat) Application Act, 1937; Mulla's Principles of Mahomedan Law (Ch. VI–VIII, Sunni Hanafi & Shia Ithna Ashari tables) **Unique Asset:** Sunni (Hanafi) & Shia toggle + 1/3rd Wasiyat slider + automatic computation of Quranic Sharers (Zavil-Furuz) and Residuaries (Asabah) with Aul/Radd adjustments.

6. Technical SEO, Schema & Anti-Cannibalization Guardrails

1. **Zero Doorway Pages:** Because `WillDrafting.in` already has 75 `/locations/*` URLs, do NOT create city-swapped or state-swapped duplicates of general legal guides. Our 10 regional guides (#191–#200) and 8 vernacular templates (#43–#50) are 100% distinct because each covers a unique state statute (e.g., UP Revenue Code Sec 33 vs Maharashtra MLRC Sec 149 vs Gujarat Pedhinama/iORA) or native language script (`lang="mr"` , `lang="gu"` , `lang="ta"` , etc.).
2. **Mandatory On-Page Structure for Every Blog & Template:**
   - **SEO Title:** 35–60 characters with primary keyword front-loaded.
   - **Meta Description:** 120–155 characters stating the exact statutory section / Supreme Court rule and free tool/template inside.
   - **JSON-LD Structured Data:** `Article` + `FAQPage` (minimum 5 unique FAQs) + `BreadcrumbList` on all blogs; `WebApplication` + `FAQPage` on all `/tools/*` ; `Service` + `Offer` + `FAQPage` on all `/services/*` .
   - **Mandatory Visual & Conversion Components:** At least 1 structured HTML comparison table, 1 copy-pasteable clause or checklist box (`templateBox`), 1 mid-article contextual link to an interactive `/tools/*` calculator, and the dual conversion CTA (**Self-Serve Online Will at `/start` + AMA Legal Solutions Advocate Consultation**).
3. **Hub-and-Spoke Internal Linking Rules:**
   - Every page in **Cluster 4 (Family Rights)** must link to `/tools/succession-calculator` or `/tools/huf-coparcenary-share-partition-calculator` and `/start` .
   - Every page in **Cluster 5 (Asset Transmission)** must include a dedicated section titled "*How a Registered Will + Matching Nomination Prevents This Delay*" linking to `/start` and the relevant `/tools/*` document finder.
   - Every page in **Cluster 6 (NRI & Cross-Border)** must link to `/services/nri-will-india` , `/services/nri-inherited-property-sale-repatriation` , and `/templates/nri-separate-indian-will-format` (#24).
