SEO STRATEGY · INTERNAL TEAM DOCUMENT

WillDrafting.in — 30-URL Organic Traffic Expansion Plan

A prioritised plan to grow organic search traffic by adding 30 new pages on top of the 18 canonical URLs already live, organised into four subfolder silos and released in three waves over about 12 weeks.

PREPARED	BUILT ON TOP OF	AFTER THIS PLAN	POWERED BY
October 19, 2026	18 live URLs (8 hubs + 10 blog guides)	48 indexable URLs, 4 silos	AMA Legal Solutions

ABOUT THE SEARCH VOLUME NUMBERS

We didn't have access to Google Keyword Planner, Ahrefs or Semrush. The volumes below are **directional tiers**, put together from public SERP research, competitor coverage and the few third-party estimates available. The only figures with any outside source are *legal heir certificate* (~90K–150K/month) and *succession certificate* (~20K–45K/month), and even those are low-confidence. **Before writing each page, check its primary keyword in Keyword Planner or Ahrefs (India, last 12 months).** The ranking order of the plan should hold up; the exact numbers will not.

Volume tiers (India, monthly, close variants combined): **XL** 50K+ **L** 10K–50K **M** 2K–10K **S** 500–2K **XS** <500 (only when conversion intent is very high)

Difficulty (KD): **Low** = forums / thin blogs ranking **Med** = LawRato / NoBroker / Bajaj / WillJini ranking **High** = .gov.in portals + big finance/property publishers own the top 5

1. What the Research Showed

1.1 Where the search demand actually is

The current 18 URLs cover **"I want to make a Will"** intent. Most succession search volume in India sits in **3 other clusters**, and none of our pages target them yet.

Demand Cluster	Example Queries	Share of Category Volume	Covered Today?
A. "Someone just died, what now?" (post-death admin)	legal heir certificate, succession certificate, property transfer after death, mutation, demat transmission, unclaimed deposits	**Largest by far**	**No**
B. "Give me a format" (templates)	will format, will format pdf, वसीयतनामा फॉर्मेट, release deed format, living will format	**Very large**, strong link magnet	**No (only the doctor-certificate template inside Blog #10)**
C. "What are my rights?" (family property rights)	daughter's right in father's property, second wife children property rights, stridhan, HUF after karta's death	**Large**, emotional, high share rate	**Partly (Blog #7 ancestral property)**
D. "I want to make a Will" (core product intent)	online will india, will registration, NRI will	Smaller but **highest conversion**	**Yes (18 URLs)**

STRATEGIC TAKEAWAY

Clusters A–C bring in the traffic. Cluster D turns it into revenue. The plan uses A–C as entry points and sends visitors to `/start`, `/pricing` and AMA Legal service pages through internal links. A person settling a parent's estate is the warmest possible lead for writing their own Will.

1.2 Competitor gaps

From auditing WillJini, iWills, AasaanWill, SaralWill, GetYellow, SmartWill, LawRato and NoBroker:

1. **Nobody has a clean Hindi will-format page with a legally accurate Section 63 explanation.** The ranking pages are thin template dumps (rajsevak, nyaymitra, scribd).
2. **Legal heir certificate SERPs are dominated by state portals and generic property sites.** None link the certificate to *what to do next* (mutation, demat, bank claim), so there's an opening for a full post-death roadmap.
3. **SEBI demat transmission thresholds and the RBI UDGAM claim process** are covered by banks and brokers in jargon, with no plain-language family guide.
4. **The Urmila Dixit (SC, Jan 2025) Section 23 gift-deed-revocation ruling** hasn't been turned into a parent-facing "gift deed vs Will" decision guide by any Will platform.
5. **Unmarried / childless / single testators** (including partners with no statutory inheritance rights) are almost entirely ignored, even though a Will is their *only* way to choose heirs.
6. **Digital assets / crypto in a Will:** only GetYellow covers it seriously. Early-mover opportunity.
7. **Tools:** iWills uses 4 tools as entry points; we have 1 (the succession calculator). Checklists and checkers are cheap to build and convert well.

2. Silo Architecture (48 URLs total)

/ Homepage

/service — Commercial

Existing: /service, /service/nri-will-india

NEW ×4: will-registration, probate-lawyer, succession-certificate, mirror-wills-for-couples

/templates — NEW format silo

Existing: none

NEW ×5: will-format-india, will-format-hindi, codicil-format-india, living-will-format-india, release-deed-format

/tools — Interactive

Existing: /tools/succession-calculator

NEW ×4: will-checklist, probate-checker, succession-certificate-court-fee-calculator, nri-will-checker

/blogs — Statutory guides

Existing: 10 statutory guides

NEW ×17: post-death, family rights and Will lifecycle guides

NOTE

`/templates` and `/tools` each need a small index page that lists the child pages. These are structural hub pages and are **not counted** in the 30.

3. Master Table — The 30 URLs

#	URL	Primary Keyword	Vol	KD	Intent	Converts to /start?	Wave
TEMPLATES SILO (5)							
1	`/templates/will-format-india`	will format in india	L	Med	Format / DIY	★★★ Very high	1
2	`/templates/will-format-hindi`	वसीयतनामा फॉर्मेट / will format in hindi	L	Low	Format / DIY	★★★ Very high	1
3	`/templates/codicil-format-india`	codicil format / how to change a will	S	Low	Format	★★ High	2
4	`/templates/living-will-format-india`	living will format india	M	Low	Format	★★ High	2
5	`/templates/release-deed-format`	relinquishment deed format	L	Med	Format	★ Medium	2
TOOLS SILO (4)							
6	`/tools/will-checklist`	documents required for will in india	S	Low	Planning	★★★ Very high	1
7	`/tools/probate-checker`	is probate required in india	S	Low	Diagnostic	★★ High	2
8	`/tools/succession-certificate-court-fee-calculator`	succession certificate fees	S	Low	Diagnostic	★ Medium (AMA lead)	3
9	`/tools/nri-will-checker`	do i need an indian will (NRI)	XS	Low	Diagnostic	★★★ Very high	1
SERVICE SILO (4) — ONLY PUBLISH IF AMA LEGAL ACTUALLY OFFERS THE SERVICE							
10	`/service/will-registration`	will registration service india	M	Med	Commercial	★★★ Direct revenue	1
11	`/service/probate-lawyer`	probate of will lawyer / probate services	M	Med	Commercial	★★★ Direct revenue (AMA)	2
12	`/service/succession-certificate`	how to get succession certificate	L	Med	Commercial + Info	★★★ Direct revenue (AMA)	2
13	`/service/mirror-wills-for-couples`	joint will / mirror will husband wife	S	Low	Commercial	★★★ Direct revenue	2
BLOGS — POST-DEATH CLUSTER (6)							
14	`/blogs/legal-heir-certificate-vs-succession-certificate`	legal heir certificate vs succession certificate	XL*	High	Info	★ Medium	1

17	`/blogs/claim-unclaimed-deposits-deceased-udgam`	claim unclaimed deposits of deceased / UDGAM	L	Med	Info (news-spiky)	★★ High	2
18	`/blogs/how-to-challenge-a-will-in-india`	how to challenge a will in india	M	Med	Info	★★ High (defensive drafting)	2
19	`/blogs/executor-of-will-duties-india`	executor of will duties india	S	Low	Info	★★ High	3

#	URL	Primary Keyword	Vol	KD	Intent	Converts to /start?	Wave
BLOGS — FAMILY RIGHTS CLUSTER (5)							
20	`/blogs/married-daughter-rights-in-fathers-property`	daughter right in father property	L	Med	Info	★★ High	1
21	`/blogs/second-wife-children-property-rights-india`	second wife children property rights	L	Med	Info	★★ High	2
22	`/blogs/hindu-woman-property-rights-stridhan-will`	stridhan / hindu woman property rights	L	Med	Info	★★ High	2
23	`/blogs/huf-property-after-death-of-karta`	huf property after death of karta	M	Low	Info	★★ High	3
24	`/blogs/will-for-unmarried-childless-single-india`	who inherits property of unmarried person india	S	Low	Info	★★★ Very high	2
BLOGS — WILL LIFECYCLE & PLANNING CLUSTER (6)							
25	`/blogs/gift-deed-vs-will-india`	gift deed vs will which is better	M	Med	Decision	★★★ Very high	1
26	`/blogs/gift-deed-cancellation-senior-citizens-act-section-23`	can gift deed be cancelled by parents	M	Low	Info	★★ High	2
27	`/blogs/notarized-will-vs-registered-will-india`	is notarized will valid in india	M	Low	Info	★★★ Very high	1
28	`/blogs/will-vs-family-trust-india`	will vs trust india	S	Med	Decision	★★ High (AMA HNI lead)	3
29	`/blogs/digital-assets-crypto-will-india`	how to include crypto in will india	S	Low	Info (rising)	★★★ Very high	3
30	`/blogs/christian-parsi-will-indian-succession-act`	christian will rules india / parsi succession	S	Low	Info	★★ High	3

* **URL #14:** the head term "legal heir certificate" is ~90K–150K/month, but most of it is navigational (people looking for their state portal). The realistic winnable slice is the **comparison + "documents required" + "which one do I need"** long-tail, roughly M–L. Plan for that.

4. Per-URL Content Brief (Angle, Gap, Unique Asset)

4.1 Templates silo — /templates/*

Format searchers want a downloadable document. Every template page should contain: **(a)** the copy-paste / printable format, **(b)** a short "will this be legally valid?" checklist under Section 63, **(c)** the 3 most common mistakes, and **(d)** a CTA: "*Want this filled in, checked by an advocate, and print-ready in 15 minutes? → /start*".

#	Secondary keywords	Gap competitors miss	Unique asset
1	will format pdf, simple will format, will format for property, will format word	Ranking pages are bare templates with no execution guidance, and some still say stamp paper is needed	Clause-annotated format (why each clause exists) + Section 63 witness block + Section 67 warning + printable layout
2	vasiyat nama format, वसीयत कैसे लिखें, will format in hindi pdf	Hindi results are thin and have grammar/legal errors	Fully Hindi page (lang="hi"), bilingual toggle reusing the existing EN/HI wizard copy, Hindi FAQ schema
3	codicil vs new will, how to change a will in india	Usually buried inside generic articles	Codicil format + "codicil or new Will?" decision table
4	advance medical directive india, living will procedure 2023	Most pages still describe the old 2018 magistrate process	Format reflecting the Jan 2023 SC modification (notary / gazetted officer attestation) + where to deposit copies
5	release deed format, relinquishment deed stamp duty	Relinquishment vs release vs gift is confused everywhere	Format + 3-way comparison table + "when NOT to use it" (self-acquired property → gift deed or Will instead)

4.2 Tools silo — /tools/*

Cheap client-side components (reuse the SuccessionCalculator pattern). They earn links and repeat visits.

#	What it does	Why it ranks / converts	Output CTA
6	Interactive checklist across ~15 asset classes (property, bank, demat, MF, PPF/EPF, insurance, locker, vehicles, digital) + appointments (executor, guardian)	iWills ranks with exactly this. Users leave with a "Will-ready" list	"Your checklist is ready → start your Will with this pre-filled"
7	5 questions (contested? foreign Will? Mumbai/Chennai/Kolkata property? bank demanding it? executor named?) → probate likely / not likely	Builds on Blog #3 (2025 amendment). No competitor has a checker	Low risk → /start · High risk → /service/probate-lawyer
8	Select state + asset value → estimated ad valorem court fee range for a succession certificate	Fees vary by state (roughly 2%–7.5% with caps) and nobody calculates it	"A Will avoids this cost entirely" → /start + AMA service CTA
9	Country of residence + Indian asset types + existing foreign Will? → need a separate Indian Will?	Copies nriwillgenius's top tool. Sends traffic to the NRI hub	→ /service/nri-will-india

4.3 Service silo — /service/*

> **CAUTION**
> Only publish a service page for a service **AMA Legal Solutions actually delivers, with real pricing or a real consultation flow**. Thin or misleading service pages in a YMYL legal niche can lead to a manual action and damage trust. If a service isn't offered yet, skip the URL rather than publishing a placeholder.

#	Angle	Pulls traffic from	Schema
10	Done-for-you SRO registration (booking, witnesses, home visit under Sec 31)	Blog #8 (state SRO guide)	Service + Offer + FAQPage
11	Probate petitions (voluntary + contested), Letters of Administration	Blog #3, Tool #7	Service + FAQPage
12	Full succession certificate procedure + AMA handling it	Blog #14, Tool #8	Service + HowTo + FAQPage
13	Mirror Wills for couples (two Wills, mutual clauses), and why Indian "joint Wills" are risky	Homepage, /pricing	Service + Offer

4.4 Blogs silo — /blogs/* (17 new guides)

Same template and Screaming Frog rules as Blogs #1–#10: seoTitle 30–60 chars, meta description 70–155 chars, H1 < 70, H2 < 70, Article + FAQPage + BreadcrumbList schema, one comparison table, Indian imagery only.

#	Angle that beats the current SERP	Must-cite authority	Unique asset
14	"Which certificate do I need?" decision flow by asset type, plus what to do next	Part X ISA 1925; state revenue rules	Decision flowchart + state portal table (one page, not per-state pages)
15	Full roadmap: death certificate → heirship proof → release/partition deed → mutation	Hindu Succession Act s.8; municipal/revenue mutation practice	Step timeline + document checklist + links to #5, #14
16	Plain-language SEBI transmission tiers (nominee vs no nominee, by value)	SEBI transmission circulars (verify current thresholds)	Tier table + document pack per scenario
17	Find (UDGAM) → claim at branch → documents by claim size	RBI UDGAM; RBI deceased-claim directions	Step guide + "how a Will + matched nominees prevent this"
18	Grounds + limitation + burden of proof, written from both sides ("how to make yours challenge-proof")	ISA ss.59, 61, 63; Limitation Act; BSA 2023 s.67	Grounds table + links to Blog #10 doctor certificate
19	Executor's first 90 days checklist	ISA ss.2(c), 211, 222	Printable executor checklist
20	Self-acquired vs ancestral × with/without Will matrix	Vineeta Sharma (2020); HSA s.6, s.8	2×2 rights matrix + embed of the succession calculator
21	Rights of children of void/voidable marriages, including coparcenary share	HMA s.16; Revanasiddappa v. Mallikarjun (SC 2023)	"Who gets what" table
22	Stridhan vs inherited vs self-acquired, and how s.15(2) affects her estate if she has no Will	HSA ss.14, 15, 16	Links to the s.15(2) calculator mode
23	What happens to HUF assets and karta-ship; can the karta's share be willed?	HSA s.6, s.30	Flow diagram

#	Angle that beats the current SERP	Must-cite authority	Unique asset
24	Without a Will, distant relatives inherit; partners have no statutory right	HSA Class II / agnates; ISA	"Who inherits from you" examples
25	Control vs certainty vs cost: stamp duty, tax, revocability	Income Tax s.56(2)(x); state stamp schedules	Side-by-side table + cost example
26	Parents can revoke a conditional gift if a child neglects them	MWPSC Act s.23; Urmila Dixit v. Sunil Sharan Dixit (SC, Jan 2025)	"How to word the maintenance condition" clause
27	Notarisation adds nothing legally; registration adds evidentiary weight	ISA s.63; Registration Act s.18	3-column comparison: plain / notarised / registered
28	When a Will is enough and when a private trust makes sense	Indian Trusts Act 1882	Decision table + AMA HNI CTA
29	Two-document method: Will names the heir, a separate sealed letter holds access	IT Act VDA taxation (verify)	Digital asset inventory template
30	Christian & Parsi testamentary rules (completes personal-law coverage next to Blog #9)	ISA Part V ss.31–56	Shares table linked to calculator

5. Rollout Schedule (3 Waves, ~12 Weeks)

Wave	Weeks	URLs	Why this order
Wave 1 — Traffic + conversion quick wins	1–4	#1, #2, #6, #9, #10, #14, #15, #20, #25, #27 (**10 URLs**)	Highest-volume formats and rights pages, plus the 3 assets that convert hardest (checklist, NRI checker, registration service)
Wave 2 — Post-death authority + AMA leads	5–8	#3, #4, #5, #7, #11, #12, #13, #16, #17, #18, #21, #22, #24, #26 (**14 URLs**)	Builds out cluster A so Google sees full topical coverage; turns on AMA service lead capture
Wave 3 — Depth & long tail	9–12	#8, #19, #23, #28, #29, #30 (**6 URLs**)	Lower volume, but completes the topic map and supports E-E-A-T

Publishing cadence: about 2–3 URLs per week. Request indexing in Google Search Console for each one on the day it's published.

6. Internal Linking Rules

Templates #1–5	→	**/start ("fill it in for me")**
Tools #6–9	→	**/start and /service/nri-will-india**
Post-death guides #14–19	→	**AMA services #11, #12 and /tools/succession-calculator**
Rights guides #20–24	→	**/tools/succession-calculator and /start**
Lifecycle guides #25–30	→	**/start and /pricing**
/tools/succession-calculator	→	**/start**

1. **Every new page** links to `/start` (primary CTA) and to at least **2 related pages in the same silo**.
2. **Post-death pages (#14–19)** always include a section titled "*How a Will would have avoided this*" that links to `/start`. This is the conversion bridge.
3. **Rights pages (#20–24)** embed or deep-link the relevant `/tools/succession-calculator` mode.
4. **Update the existing 10 blogs** to link out to the new pages (for example, Blog #8 → #10, Blog #3 → #7 and #11, Blog #2 → #16 and #17, Blog #7 → #20 and #23).
5. **Anchor text:** descriptive and varied. Never use the exact-match primary keyword as anchor text more than once per page.

7. What NOT to Build (Doorway / Thin-Content Risk)

Tempting idea	Why it's risky	Do this instead
`/legal-heir-certificate-tamil-nadu`, `-kerala`, `-delhi` …	State-swapped near-duplicates trigger the doorway classifier	One page (#14) with a state portal table
`/will-lawyer-in-mumbai`, `/will-drafting-delhi` …	National statute, identical content (same reasoning as the original strategy)	areaServed schema + Google Business Profile for real offices
`/gift-deed-format`, `/power-of-attorney-format`	Off the core topic, and very hard SERPs (property portals)	Cover gift deeds only as a comparison (#25, #26)
Separate "legal heir certificate" service page + blog	Keyword cannibalisation	Blog #14 links to service #12
AI-spun FAQ pages for every query	Helpful Content demotion in YMYL	Answer FAQs inside the relevant pillar page

8. Facts to Verify Before Publishing

> **IMPORTANT**
> These came from web research summaries and are time-sensitive. An advocate at AMA should confirm them against the primary source before the page goes live.

URL	Claim to verify	Primary source to check
#16	SEBI transmission value tiers (search results cited ₹30,000 / ₹30 lakh tiers and removal of mandatory probate for uncontested claims)	Latest SEBI master circular on transmission
#17	Size of unclaimed deposits in the RBI DEA Fund (search results said roughly ₹85,000–98,000 crore)	Latest RBI annual report / press release
#4	The Jan 2023 living will modification details	SC order in Common Cause v. Union of India (M.A. 1699/2019)
#26	Urmila Dixit v. Sunil Sharan Dixit, 2025 INSC 20 holding	Judgment text on the SC website
#21	Revanasiddappa v. Mallikarjun (2023) scope	Judgment text
#8	State court-fee percentages and caps for succession certificates	Each state's Court Fees Act schedule
#5, #25	State stamp duty rates for family release / gift deeds	State stamp act schedules

9. Implementation Notes (Codebase)

- **Blogs #14–30:** add to `src/data/blogs.ts`. The existing `[slug]` template already supports `tableData`, `templateBox` and `faqs`, so no new route is needed.
- **Templates #1–5:** new `src/app/templates/[slug]/page.tsx` + `src/data/templates.ts`, reusing the `templateBox` rendering. Add `/templates/*` to the `robots.ts` allow-list and to `sitemap.ts`.
- **Hindi page #2:** set `lang="hi"` on the page wrapper and use Devanagari in the title and meta description.
- **Tools #6–9:** client components following the `SuccessionCalculator.tsx` pattern; server page wrapper with WebApplication + FAQPage schema.
- **Services #10–13:** server pages under `src/app/service/*` with Service + Offer schema. Prices must match `src/lib/plans.ts`.
- **Navbar:** keep it lean. Add a "Free Templates" item under the Services dropdown; list the rest in the Footer.
